Welcome and Thank You

Happy New Year to all and a warm welcome to our new and existing residents. To those who have recently renewed your lease agreement, thank you. It gives us great pleasure to know that you are happy living here and satisfied with the service we provide. We will continue to do our very best to care for our community and accommodate your needs.

Safety First

When you go to have your car serviced, you should take your apartments key off the same ring that your car key is on. The mechanic has your home address and obviously you do not want anyone making a copy of the keys to your apartment.

If You're Happy and You Know It...

Tell others about your great experiences here! We just love when people come in to inquire about our apartments and tell us they heard about them from one of our residents. It's the best compliment we can get!

Happy Birthday!!!

The staff would like to send birthday wishes out to all of our wonderful residents who were born in this month! May you enjoy much happiness and joy in the coming year and always.

New Residents

Please welcome our new residents. A nice smile and a hello will make them feel welcome.

All of you were once new and you can remember how lost you may have felt at first. Lets make it easy for our new ones to adjust .

New Activities

I would like to welcome anyone who may have some ideas of new activities you would like to try. The only way we can start something new is to know what you would like. Remember my office door is always open to you for any need you may want to discuss.

Maintenance

I want to thank all of you for being so patient with our maintenance situation the way it is. John Richman from Dubuque will be coming on Wednesday afternoons to take care of work orders. Our local maintenance man John Hagen is recovering nicely and will hopefully return soon.
