Make This a Special Year!

Make a nice New Year's resolution this year and remember your close friend's and relative's special occasions. Everyone loves birthday cards and holidays wishes. Mark your new calender with all the important dates and stock up on stamps and greeting cards.

Like a Good Neighbor...

Locked out? Car snowed in? Need to know where the nearest grocer is? We are here for you! Please don't ever think you are "bothering" us. Our job is to take care of the residents in our community. Let us know what it is you need and we will try our best to help you out.

Safety First

When you go to have your car serviced, you should take your house key off the same ring that your car key is on. The mechanic has your home address and obviously you do not want anyone making a copy of the key to your apartment.

If You're Happy and You Know It...

Tell others about your great experiences here! We just love when people come in to inquire about our apartments and tell us they heard about them from one of our residents. It's the best compliment we can get!

Happiness Is..

Different for every person. Be sure to make your life one filled with happiness and joy.

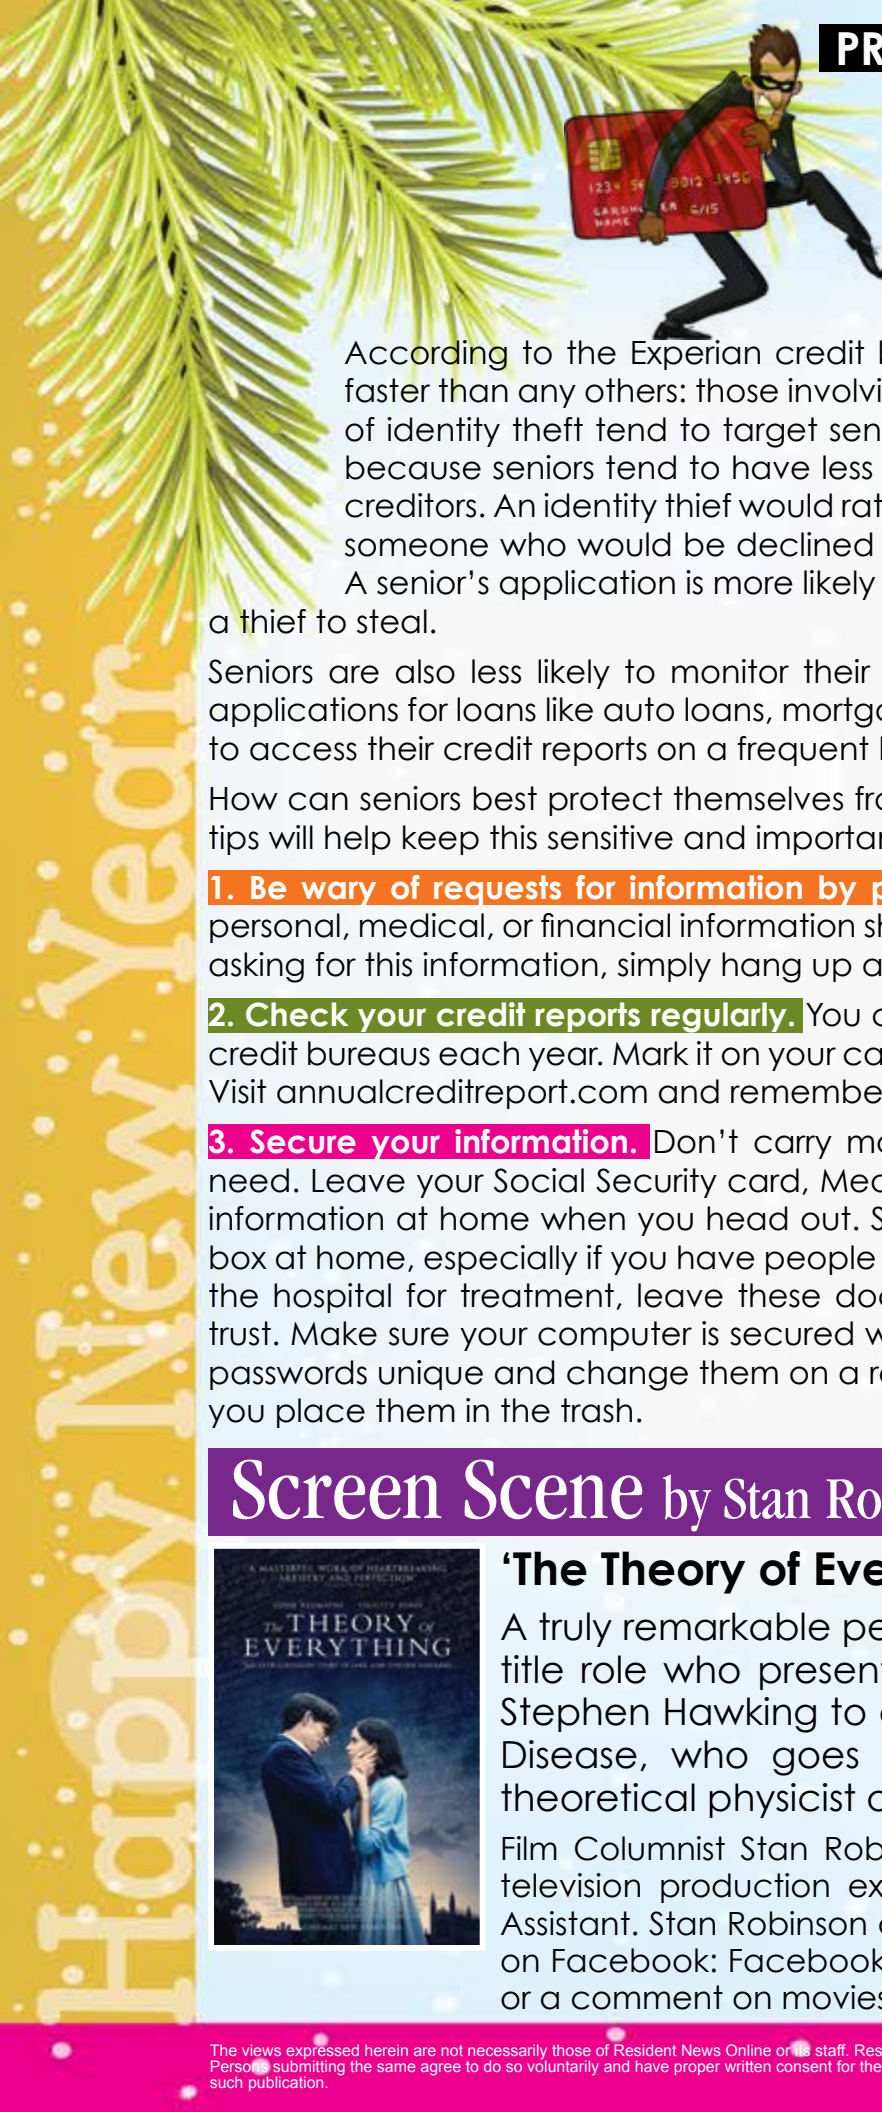

Mickey Mouse Birthday Party

Bridgemoor will be having a Mickey Mouse Themed Birthday Party! Mickey Mouse was born on this day, in 1930. Happy Birthday Mickey Mouse and all our residents!!!

Movie Day

On Friday the 23 at 2:30 we will be Showing the movie "Casablanca". In 1943, this was the day the movie was first copyrighted!

PROTECT YOURSELF THIS NEW YEAR

Identity Theft Prevention Tips for Seniors

According to the Experian credit bureau, two types of identity theft are rising faster than any others: those involving tax returns and medical care. These types of identity theft tend to target seniors more than any other groups. This occurs because seniors tend to have less credit card debt, making them a low risk for creditors. An identity thief would rather steal the identity of someone like this than someone who would be declined for a new credit card based on their history. A senior's application is more likely to be approved, making it very attractive for a thief to steal.

Seniors are also less likely to monitor their credit history and reports. They have fewer applications for loans like auto loans, mortgages, and store cards, so they have less need to access their credit reports on a frequent basis.

How can seniors best protect themselves from becoming victims of identity theft? These tips will help keep this sensitive and important information in the right hands.

1. Be wary of requests for information by phone. Any incoming phone call requesting personal, medical, or financial information should be considered suspect. If you get a call asking for this information, simply hang up and call the company directly.

2. Check your credit reports regularly. You can get a free credit report from each of the credit bureaus each year. Mark it on your calendar to remind you to do this annual chore. Visit annualcreditreport.com and remember that the reports are absolutely free to you.

3. Secure your information. Don't carry more personal information with you than you need. Leave your Social Security card, Medicare card, extra credit cards, and financial information at home when you head out. Secure these documents in a locked security box at home, especially if you have people regularly visit your home. If you need to enter the hospital for treatment, leave these documents only in the hands of someone you trust. Make sure your computer is secured with antivirus and firewall software. Keep your passwords unique and change them on a regular basis. Finally, shred documents before you place them in the trash.

Screen Scene by Stan Robinson

'The Theory of Everything' is my best of 2014!

A truly remarkable performance by Eddie Redmayne in the title role who presents the physicality of healthy as young Stephen Hawking to an old man with (ALS), or Lou Gehrig's Disease, who goes on to become one of the greatest theoretical physicist of the modern era.

Film Columnist Stan Robinson is retired with over 25 years of film & television production experience! ~ Cynthia Tracy is the Executive Assistant.
